Product Critique

Enrollment Center and Schedule Planner

The current organization of the *Enrollment Center* and *Schedule Planner* pages on the CalCentral website is not optimal. Specifically, it is often quite challenging for users to enroll in a course and envision their future schedule with the lack of organization and aesthetics, and an excess amount of unnecessary information presented on these pages.

User Overview and Task Overview

Oski the Bear is a Seventy-Eighth Year (Eternal Sophomore) studying Double Major in Undecided and Undeclared at UC Berkeley. He is trying to enroll in LINGUIS 5, but is feeling overwhelmed by the unorganized formatting of information on *Enrollment Center* and *Schedule Planner*. He wishes there was a more simplified and intuitive way to plan his schedule, search for courses, and enroll in classes so that the process wouldn't be as stressful and tedious as it is now.

The Berkeley CalNet Authentication Service login page has a dark blue background with abstract geometric shapes. It features the Berkeley logo and "UNIVERSITY OF CALIFORNIA" above the "CalNet Authentication Service" heading. Below are fields for "CalNet ID" and "Passphrase (Case Sensitive)", both with placeholder text. Buttons for "SIGN IN", "HELP", and "Sign in with MAP@Berkeley.ID" are present. Links for "FORGOT CALNET ID OR PASSPHRASE?", "MANAGE MY CALNET ACCOUNT", and copyright information are at the bottom.

Problem 1: No way to go back to Enrollment Center.

NEW DESIGN

CURRENT DESIGN

The screenshot shows the 'Schedule Planner' section of the enrollment center. At the top, there are search filters: 'By Subject' (LINGUIS - Linguistics), 'Search by Section Attribute' (COMP HIST LING), 'Search by Instructor' (None), and 'Search by Requirement' (None). Below these, a course list displays 'LINGUISTICS 130: COMP HIST LING'. A detailed description of the course follows: 'Method of communication. Types and manifestations of language change. Diachrony: The establishment of language relationships and subgroupings.' At the bottom are buttons for 'Delete' and 'Add Course'.

The screenshot shows the 'Enrollment Center' interface for the '2023 Summer' term. The top navigation bar includes 'Enrollment Center', 'Class Search', 'Schedule Planner', 'Help', 'Log out', and 'Show Favorites'. A large 'Filter' button is prominent on the left. The main content area displays 'Recommended Classes based on previously favorited courses'. Two classes are listed: 'LINGUIS C146: Language Acquisition' and 'LINGUIS 5: Language and Linguistics'. Each class entry includes a summary, a 'Seat Availability' section, and a 'Solution 1: Add User Control' callout at the bottom right.

Solution 1: Add User Control

CURRENT DESIGN

The screenshot shows a user interface for adding courses. At the top, there's a dark blue header bar with the text "Schedule Planner" on the left and "Help" and "Sign out" on the right. A red oval highlights the top portion of the header. Below the header, the main content area has a white background. It features a title "Add Courses for 2023 Fall" and four search/filter buttons: "By Subject", "Search By Section Attribute", "Search By Instructor", and "Search By Requirement". The "By Subject" button is currently selected, indicated by a dark blue background. Below these buttons are two dropdown menus: "Subject" set to "LINGUIS - Linguistics" and "Course" set to "130 - COMP HIST LING". To the right, a section titled "Courses" displays a single course entry: "Linguistics 130" with the subtitle "COMP HIST LING". There's also an "X" icon next to the course entry. At the bottom of the main content area are two buttons: a dark blue "Done" button with a left arrow icon and a dark blue "Add Course" button with a plus sign icon.

Problem 2: Loss of brand identity.

NEW DESIGN

CURRENT DESIGN

The screenshot shows a dark-themed user interface for adding courses. At the top, there's a navigation bar with tabs for "Schedule Planner", "Help", and "Sign out". Below this is a search bar with dropdown menus for "By Subject", "Search by Section Attribute", "Search by Instructor", and "Search by Requirement". A course selection panel shows "LINGUIS - Linguistics" and "130 - COMP.HIST LING". A detailed course description for "LINGUIS 130: COMP.HIST LING" is displayed, mentioning "Method of communication, Types and explorations of language change, Diachrony: The establishment of language relationships and subgroupings". At the bottom are "Clear" and "Add Course" buttons.

The screenshot shows a modern, light-themed user interface. At the top is the Berkeley University of California logo. The header includes "Enrollment Center", "Class Search", "Schedule Planner", "Help", "Log out", and "Show Favorites". The main area features a large "2023 Summer" title and a "Filter" sidebar. The filter sidebar has a "Show Open Classes Only" toggle (which is turned on), a "Mode of instruction" section with checkboxes for "Remote", "Web Based", and "Hybrid", a "Recorded Classes" section with a right-pointing arrow, a "Course Level" section with checkboxes for "Graduate", "Upper Division", and "Lower Division", and a "▼" button at the bottom. To the right, there are sections for "Recommended Classes based on previously favorited courses", "LINGUIS C146: Language Acquisition" (with a class table showing details like Lecture 001, Units 4, Dates 7/22/2023 - 12/8/2023, Days Mon Wed Fri, Time 2:00 PM - 3:00 PM, Location Social Sciences Building 1t, Instructor Alexandra Pfiffner), and "LINGUIS 5: Language and Linguistics" (with similar class details). Below these is a "Seat Availability" table showing "Open" (4) and "Capacity" (51).

Solution 2: Emphasis on branding identity

CURRENT DESIGN

The screenshot shows the 'Schedule Planner' application interface. At the top, there's a dark blue header bar with the title 'Schedule Planner' on the left and 'Help' and 'Sign out' links on the right. Below the header, the main content area has a white background. A red oval highlights the search/filter section at the top left. This section includes four buttons: 'By Subject' (which is active), 'Search By Section Attribute', 'Search By Instructor', and 'Search By Requirement'. Below these buttons are two dropdown menus: 'Subject' set to 'LINGUIS - Linguistics' and 'Course' set to '130 - COMP HIST LING'. To the right, a sidebar titled 'Courses' lists a single course entry: 'Linguistics 130' with the subtitle 'COMP HIST LING'. There's also a small 'X' icon next to the course entry. At the bottom left of the main content area is a 'Done' button, and at the bottom right is a '+ Add Course' button.

Problem 3: Restricted search/filter capabilities

NEW DESIGN

CURRENT DESIGN

The screenshot shows the 'Schedule Planner' section of the enrollment center. At the top, there are search filters for 'By Subject', 'Search by Section Attribute', 'Search by Instructor', and 'Search by Requirement'. Below these, a dropdown menu shows 'Subject: LINGUIS - Linguistics' and 'Course: 130 - COMP.HIST.LING'. A detailed course description for 'LINGUIS 130: COMP.HIST.LING' is displayed, mentioning 'Method of communication. Types and manifestations of language change. Diachrony: The establishment of language relationships and subgroupings.' At the bottom, there are buttons for 'Delete' and '+ Add Course'.

The screenshot shows the 'Enrollment Center' for the '2023 Summer' term. The top navigation bar includes 'Enrollment Center', 'Class Search', 'Schedule Planner', 'Help', 'Log out', and 'Show Favorites'. A large 'Filter' button is prominently displayed. The 'Mode of instruction' filter is expanded, showing options for 'Remote', 'Web Based', 'Hybrid', and 'Recorded Classes'. The 'Course Level' filter is also expanded, showing options for 'Graduate', 'Upper Division', and 'Lower Division'. To the right, a section titled 'Recommended Classes based on previously favorited courses' lists two classes: 'LINGUIS C146: Language Acquisition' and 'LINGUIS 5: Language and Linguistics'. Each class entry includes a heart icon, a bell icon, and a plus icon. Below each class listing is a table with columns: Class, Units, Start - End Dates, Days, Time, Location, and Instructor. The first class entry is for 'Lecture - 001 - 30957' with 4 units, starting on 7/22/2023 and ending on 12/8/2023, meeting Mon Wed Fri from 2:00 PM - 3:00 PM at Social Sciences Building 1t, taught by Alexandra Pfiffner. The second class entry is for 'Lecture - 001 - 30957' with 4 units, starting on 7/22/2023 and ending on 12/8/2023, meeting Mon Wed Fri from 2:00 PM - 3:00 PM at Social Sciences Building 1, taught by Alexandra Pfiffner. A 'Seat Availability' section at the bottom shows 'Open' (4) and 'Capacity' (51).

Solution 3: Familiarity (Reusing existing/ familiar filter function)

CURRENT DESIGN

The screenshot shows the Berkeley Schedule Planner interface. At the top, there's a navigation bar with the Berkeley logo and links for "Home", "Schedule Planner", "Enrollment Center", "Class Schedules", and "Help". Below the navigation, there are filters for "Course Status", "Sessions", and "Instruction Modes", each with a "Change" button. A red oval highlights the "Sessions" and "Instruction Modes" sections.

A note below the filters states: "Instructions: Add desired courses and breaks and click Generate Schedules button! Note: Schedule Planner does not take into account any Conflict Overrides applied to specific classes. Classes that allow time conflicts will have to be added in the Enrollment Center."

The main area is divided into "Courses" and "Breaks". The "Courses" section contains a list of selected courses with checkboxes, "Options" buttons, and "Has Reserved Seats" status indicators. The "Breaks" section has a "Add Break" button and a text input for adding times.

Below these sections is the "Current Schedule" table:

#	Status	Subject	Course	Component	Instruction Mode	Instructor	Day(s) & Location(s)	Units
1	<input checked="" type="checkbox"/>	Enrolled	Architecture	100B	LAB	In-Person Instruction	Isabelle de Metz F 10:00am - 11:59am F 9:00am - 9:59am	0

3	<input checked="" type="checkbox"/>	Enrolled	Architecture	100B	LEC	In-Person Instruction	David Orkand MW 2:00pm - 2:59pm - Wurster 112	6

A note below the table states: "Reserved Seats: 0 of 4 At least some seats in this class are reserved for students who meet specific criteria. See the Berkeley Academic Guide Class Schedule for details." Another note says: "112 of 113 At least some seats in this class are reserved for students who meet specific criteria. See the Berkeley Academic Guide Class Schedule for details."

At the bottom, there are tabs for "Current", "Archived", "TBA", "LPS", "In Person Instruction Details", and "TTh 11:00am - 12:29pm - Wurster".

Problem 1: Violates proximity and similarity

CURRENT DESIGN

The screenshot shows the Berkeley Schedule Planner interface. At the top, there are filters for Course Status (Open & Full w/Waitlist Open), Sessions (All Sessions Selected), and Instruction Modes (All Instruction Modes Selected). Below these are buttons for Change and Term (2023 Spring). Further down are Academic Careers (1 of 2 Selected) and Locations (All Locations Selected), also with Change buttons.

A yellow callout box contains instructions: "Instructions: Add desired courses and breaks and click Generate Schedules button! Note: Schedule Planner does not take into account Time Conflict Overrides applied to specific classes. Classes that allow time conflicts will have to be added in the Enrollment Center."

The main area is divided into two sections: "Courses" and "Breaks".

Courses: A list of courses with checkboxes and "Has Reserved Seats" status. Courses listed include:

- Architecture 100B FUND OF ARCH DESIGN (Has Reserved Seats)
- Architecture 140 ENERGY & ENVIR (Has Reserved Seats)

- 112 of 113 At least some seats in this class are reserved for students who meet specific criteria. See the Berkeley Academic Guide Class Schedule details.

Problem 2: Information-heavy design deters users from the tasks of viewing their schedules immediately

Problem: Disjointed workflow

NEW DESIGN

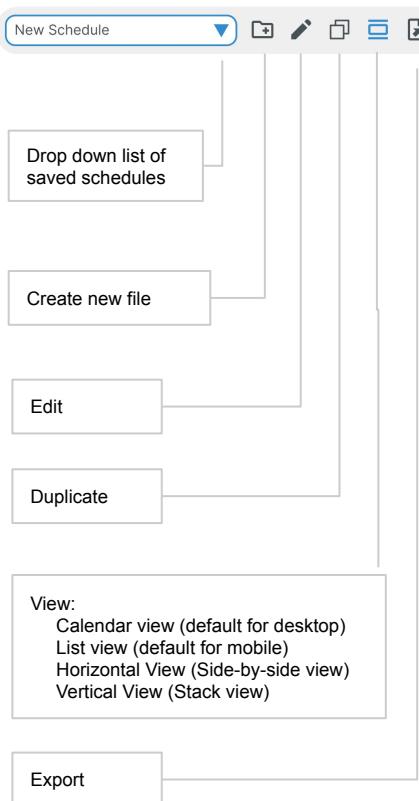

CURRENT DESIGN

The screenshot shows the 'Schedule Planner' section of the Berkeley website. At the top, there are filters for 'Course Status' (Open & Full w/ Waitlist Open), 'Sessions' (All Sessions Selected), and 'Instruction Modes' (All Instruction Modes Selected). Below these are buttons for 'Add Course', 'Breaks', and 'Add Break'. A note says: 'Instructions: Add desired courses and breaks and click Generate Schedules button! Note: Schedule Planner does not take into account Time Conflict Overrides applied to specific classes. Classes that allow time conflicts will have to be added in the Enrollment Center.' A 'Compare Schedules' section displays three generated schedules for 'Linguis 5', 'Linguis 100', and 'Linguis C146'. Each schedule is a grid from Monday to Friday, 8am to 7pm. Below the grids are course details: 'LINGUIS 100' (Introduction to Linguistics Science, Status: Enrolled) and 'LINGUIS C146' (Language Acquisition, Status: Enrolled). There are also sections for 'View 1', 'View 2', and 'View 3'.

The screenshot shows the 'Schedule Planner' section of the Berkeley website with a dark theme. At the top, there are tabs for 'Enrollment Center', 'Class Search', and 'Schedule Planner'. Below these are numbered buttons (1 through 6) and a 'Logout' link. A note says: 'Select schedule to compare'. Two schedule grids are displayed: 'Schedule 1' (blue border) and 'Schedule 3' (black border). Both grids show a weekly timeline from Monday to Friday, 8am to 7pm. The 'Schedule 1' grid has colored bars representing class times for 'LINGUIS 100' and 'LINGUIS C146'. The 'Schedule 3' grid shows a similar pattern. Below the grids, course details are listed: 'LINGUIS 100' (Introduction to Linguistics Science, Status: Enrolled) and 'LINGUIS C146' (Language Acquisition, Status: Enrolled). A 'Compare' button is visible on the right.

Solution: Recognition rather than recall

The screenshot shows the Berkeley Schedule Planner interface. At the top, there's a navigation bar with 'Enrollment Center', 'Class Search', 'Schedule Planner' (which is active), 'Help', 'Log out', and a shopping cart icon. Below the navigation is a title '2023 Summer' with a 'Change' button. On the left, a sidebar titled 'Generate Schedules' lists classes: LINGUIS 5 (Language And Linguistics), LINGUIS 100 (Introduction to Linguistics Science, Status: Shopped), and LINGUIS C146 (Language Acquisition, Status: Enrolled). Below the sidebar is a weekly calendar grid for Monday through Friday, 7:00 AM to 2:00 PM. The grid shows several class entries, such as LINGUIS 5 and LINGUIS 100 in various locations like Social Science Bldg and Hearst Field Annex. A red box highlights a set of numbered buttons (1-6) labeled 'Compare'. Another red box highlights a plus sign (+) button and a minus sign (-) button. At the bottom, there's a 'Week 2 (08/28/2023 - 09/04/2023)' timeline showing class availability, followed by detailed views for 'LINGUIS 5: Language And Linguistics' and 'LINGUIS 100: Introduction to Linguistics Science'. A red box highlights a right-pointing arrow button in the LINGUIS 100 section.

These numbered buttons are permutations or different schedule configurations based on the chosen classes. To save, double click the button. When saved, A file will be saved as a sublist of an existing file and also a highlight border on the number to indicate that it has been saved.

Allows the user to drag, rename and delete the box

The user can either go to class search tab or click the plus button to add new class to the schedule. The minus button is to block off time for breaks.

On hover, this button expands to a text-based button that says "SEND ALL TO SHOPPING CART"

Enrollment Center

The screenshot shows the UC Berkeley Enrollment Center. The top navigation bar includes links for My Academics, Enrollment Center, Help, and Log Out. On the left sidebar, there are links for View My Classes/Schedule, Class Search and Enroll, Schedule Planner Launch, Shopping Cart, Drop Classes, Swap Classes, and Preferences / Switch Sections. The main content area displays course registration information for the Spring 2023 Undergraduate schedule. It includes sections for By Class, View Printable Page, Show Enrolled Classes, Show Waitlisted Classes, and Show Dropped Classes. The courses listed are DESINV 25 UX DESIGN, ECON 135 ECON GROWTH HIST PERS, and MATH 16B ANAL GEO & CALCULUS. A red oval highlights the MATH 16B table, which lists the following details:

Status	Units - Grading Basis	Grade	Description	Requirement Satisfaction
